GitHub
Git

PROFILE

I will be graduating from the **University of Victoria**, Victoria BC, Canada with a degree in **Computer Science** in May 2020. I have a strong initiative and passion for learning and I am an attentive listener.

SCHOOL COURSE WORK

SENG 265, Software Development Methods

In this course I learned about software development in greater depth.
I used **C** and **Python** for this course.
https://github.com/f2k5/Software-Development-SENG-265

CSC 230, Introduction to Computer Architecture

In this couse I learned how computers worked under the hood.
I used **Assembly** and **C** in this course.
https://github.com/f2k5/Computer-Architecture-CSC-230

SIDE PROJECTS

Password Generator iOS app

A simple iOS app that generates random passwords for you.
I used **Swift** to build it.
https://github.com/f2k5/Password-Generator

TSA Queue App

An app similar to what the the TSA uses in US airports to randomly guide people to left or right queues. I used **Swift** to make it.
https://github.com/f2k5/TSA-Queue-App

Number Guessing Game

A simple number guessing game I made using **HTML**, **CSS** & **JavaScript**.
https://github.com/f2k5/Number-Guessing-Game

EDUCATION

University of Victoria, Victoria, BC — **BSc Computer Science**, 2020
